Board of Adjustment Meeting

The Board of Adjustment has a policy of hearing 2 cases per meeting. Cases will be placed on the agenda on a first-come, first-served basis. When more cases are submitted by the submittal date, they may be scheduled for an alternate meeting date on the 2nd Tuesday of the following month.

A Planning & Development staff member will present the request to the Board of Adjustment. The applicant or representative will be asked to address the Board of Adjustment and be prepared to answer questions the Board or public may have about the proposed project. The Board of Adjustment shall conduct a quasi-judicial public hearing which includes a formal evidentiary hearing. The Board Chair will swear in witnesses (citizens/applicants) and obtain statements as sworn testimony. The Board may approve or deny the permit, or the Board may continue the hearing until a subsequent meeting.

The Board of Adjustment shall issue a Special Use Permit only when the Board makes an affirmative finding for each of the following:

1. That the use will not materially endanger the public health or safety, if located according to the plan submitted and approved;
2. That the use meets all required special uses and specifications;
3. That the use will not substantially injure the value of adjoining or abutting property, or that the use is a public necessity, and;
4. That the location and character of the use, if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the Onslow County CAMA Land Use Plan.

During the deliberative stage of the hearing, the Board of Adjustment may require reasonable and appropriate conditions be attached to the approval of the Special Use Permit. Such conditions should relate to the relationship of the proposed use to surrounding property, proposed support facilities such as parking areas and driveways, pedestrian and vehicular circulation, screening and buffers, phasing of development, infrastructure improvements, and other matters that the Board may find appropriate. The applicant may also proactively propose conditions to be considered by the Board.
